City Council.

The Council met last evening at 8 o'clock.

Present: His Worship the Mayor and Councilors Robinson, Mitchell, Grew, Taylor, and Owen.

A communication was read from several of the residents of Marion street praying that the Council order a three foot sidewalk to be laid on said street, from the corner of North Park street, to the corner of Street Committee.

A communication was read from Messrs. Lowry and Kibb to the effect that as the sidewalk they had recently built in Government street, was too high as compared with that of the sidewalk laid by order of the Council, they offered to take up their portion and grade it to a level with that laid down; on consideration that the Council would carry away the earth. Referred to Street Committee with power to act.

A communication was read from Mr. T. Street drawing the attention of the Council to three unoccupied wells in vacant lots in Quebec and Oswego streets.

The following accounts were referred to the Finance Committee for payment:

T. Craigie, \$11; Wilkinson, \$4; Morrison, \$11; R. Turner, \$11; Coleman, \$11; T. Story, \$11; Duck & Sandover, \$15 75.

On motion of Councilor Robinson, the sidewalk, fronting Mr. Walker's property, Wharf street, was ordered to be repaired by the Council, and the expense charged to the property.

The Clerk was ordered to draft a notice to the owners of houses, Kinsman & Styles, that their work upon the culverts in St. George and Government streets was satisfactory to the street committee, and that they had passed the work. Also to state that the interest on the amount of their contract should be paid from the City Treasury.

On receipt of the news at New Westminster of the death of Captain Swanson, the Council adjourned.

The McGinley troupe of minstrels gave a performance at 8 o'clock last night.

Mr. North's "Lionel," has brought to town his second partner for the season.

The bedding of the late Mr. Hume has been burned, by order of the health authorities.

A sickly journal in this street, jealous of us because we get ahead of it in ordinary notices, and news of every other class as well, should read again his notice of the 10th, when, if a black left in him, the secret will rise to the surface. It is the remark of every one, how a person can be so callous to the feelings of the relations and friends of a deceased person as to call in question matters that belong only to the privacy of the family circle.

FROM THE MAILER. The Enterprise, Capt. McKinnon, arrived at 3 p. m. yesterday, with the following passengers: Capt. Howard, Dr. Gurnall, Hon. H. Holbrook, J. Murray, J. E. Franklin, E. Fick, Bramley, McCann, Robinson, and John Bealy.

"HONORABLE JOHN" is sorely afraid lest the Ministry should so manage affairs as to still leave him on the "cross benches," hence the latest change of color. The poor fellow gives out he will be the next Chief Commissioner.

ROAD TAX.—Summons are being served on all defaulters in respect of road taxes in the district. As the costs of court average considerably more than the amount of tax, we advise all who have not paid to do so at once.

MR. JOHN GRAMER for a long term of years connected with the Provincial Government as Chief of the Treasury Department, has severed the link, and is now devoting his entire services to the Federal Savings Bank in this city.

THE LATE CAPTAIN SWANSON.—A number of persons visited the Masonic Hall yesterday, where lay the remains of the late Captain Swanson. All remarked that the features were but little changed.

CAPTAIN HOWARD, formerly of this city, but absent for a number of years past, is in town. He came here from Victoria yesterday, having come up to that port from San Francisco in the bark Amelia.

IS TOWN.—Mrs. Mr. Holbrook, of New Westminster, with other gentlemen, came down yesterday to attend the funeral of the late popular commander of the Enterprise.

FROM THE SOUTH.—The schooner Page arrived from Port Townsend yesterday morning with a cargo consisting of a quantity of produce, forty head of cattle and two horses.

POLICE COURT, YESTERDAY.—A couple of Indian assault cases were before the Court; one was summarily dealt with, the second was postponed a few days.

As epidemic among horses in the Eastern States and Canada, is assuming alarming dimensions. Our telegrams give many particulars.

AUCTION.—Plummer and Pagden offer, at auction, at 11 o'clock, liquor, also, furniture, etc.

THUNDER.—About \$35,000 in gold dust came by private hands from Omicame, per Otter.

MR. JUSTICE GRAY and son are aboard the Prince Alfred.

MARAVILLA COCOA.—No Breakfast Table is complete without this delicious beverage. The Globe says, "Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoa, but we doubt whether any of them have succeeded in being achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of Maravilla's Cocoa. Adapting their perfect system of preparation to this finest of all systems of the Theobroma, they have produced an article which surpasses every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For home consumption and for export, it is more agreeable and valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homoeopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London. Export Chicory Mills, Bruges, Belgium.

Memory presides over the past. Tell a coffee over the present. The first lives in rich temple hung with glorious trophies, and lined with tombs. But tell a coffee has but one shrine and that is every breakfast table. Its aroma walks the earth like a spirit and can be found for sale at every respectable dealer in British Columbia. Beware of spurious imitations.

Such is the excitement caused in Prussia by the expulsion of the Jesuits that in Holland some of the most devoted of the Jesuits have fled to the Hague, and the Government, however, prohibited it.
